Vendor Procurement & Approval Policy

Policy ID: OPS-PRC-007
Version: 3.3
Effective Date: 1 February 2025

Overview

This policy supports transparent, competitive, and responsible procurement practices. Employees are expected to engage vendors in a manner that delivers value while managing risk and ensuring compliance with internal controls.

1. Approval Thresholds

Spend	Approval
< USD 25,000	Manager
USD 25,000–100,000	Director
> USD 100,000	Executive Committee

2. Interaction With Expense and Ethics Policies

Certain procurement activities overlap with T&E and ethics policies:

- **Client-Sponsored Events:** Vendors may host events, including dinners or offsite meetings, which involve reimbursements or gifts. Employees must ensure that accepting vendor-sponsored meals complies with both Travel & Expense Policy and Code of Business Conduct.
- **Multiple Approvals:** High-value vendor engagements may require Finance, Compliance, and Procurement sign-offs.
- **Documentation:** All invoices, receipts, or sponsorship acknowledgements should be recorded to avoid conflicts of interest and ensure proper reconciliation in financial systems.

3. Approved Vendors

All purchases must use approved vendors listed in the Procurement Portal.

4. Exceptions

Exceptions require written justification and CFO approval.
